1968 Congratulations Graduates! 1968

RICHARD CHANDLER
Bachelor of Science
Norwich University

Richard G. Chandler, son of Mr. and Mrs. Gordon H. Chandler of 51 New Lenox Rd., Lenox received his degree of bachelor of science in civil engineering at the 149th Commencement of Norwich University, Vermont.

He is also scheduled to receive an Army Reserve commission as a second lieutenant in the Infantry Branch after he attends ROTC Summer Camp.

Miss Anne Cicarelli
418 Meadow Street
Bachelor of Art
Skidmore College
Saratoga Springs, N.Y.

Westfield State Graduates

Ten Agawam residents are among the 270 graduates, June 9.

Agawam - Bachelor of Science in Education: Karen Blackburn, 56 Emerson Road; Gary Harris, 128 Edgewater Road; Gail Lawson, 955 Suffield St.; Elaine T. Mastrianni, 24 Prospect St.; Paulette J. Morse, 275 Rowley St.; Sharon L. Strole, 1121 River Road.

Bachelor of Arts in History: Carol Bartolucci, 35 Harvey Johnson Dr.; Frances B. Jensen, 5 Kanawha Ave.

Feeding Hills - Bachelor of Science in Education: Susan J. Bates, daughter of Mr. and Mrs. Leslie Bates of 986 North West Street; and Christine Jeserski, daughter of Mrs. Josephine Jeserski of 15 Hastings Street.

Miss Christine Jeserski lives with her mother, Mrs. Josephine Jeserski at 15 Hastings st., Feeding Hills. In September, she will teach 2nd grade at Pierce School, Feeding Hills.

Miss Susan J. Bates is a 1964 graduate of Agawam High School. While attending Westfield State College she served as a Sophomore Counselor, Chairman of the Christmas Ball, Chairman of the Freshman Ball and Chairman of Hospitality for the Juniors-Freshman picnic. She recently student taught grade one at South Elementary School in Agawam and has accepted a contract to teach Kindergarten in the Granby, Mass. School System. Miss Bates is, also, employed at Springfield Television Broadcasting Corporation Channel 22.

FOR ADVERTISING CALL - 732-1495

Architect's rendering of the \$2 million customer service center building planned for a new industrial park area in East Springfield by Western Mass. Electric Co. Bids will be requested on the 115,000-square-foot structure soon. It is hoped to be in service by the autumn of 1969, and will house some 300 WMECO employees now operating out of three separate facilities in Springfield and Agawam.

WHY NOT APARTHEID?

by Florence Moreno

What's the difference between the society of South Africa, and that which we saw in evidence last Tuesday evening at the school committee public meeting? A sample of the questions directed to Mr. Killory, state education director, who came to explain the fundamentals of Metco—

Q.—Are we going to let Puerto Rican children into Agawam?

Q.—Are Puerto Ricans white or black?

Q.—Answer the question - Are they white or black?

Q.—Do Agawam (white) families have to sponsor these black children?

Q.—There's always a cost of a dollar here or a dollar there for different things. Who's going to pay the dollars for the black children?

Q.—What if these kids don't have lunch, or money for lunch? Will the State buy their lunch, or do we have to?

Q.—If we take 10 children this year, will we be forced to take 20 next year, and 20 the year after?

Will the bigots claim Agawam for their own? Gresham's Law is at work here — (the bad chases out the good), and all we have to do is to keep quiet to let the racists win out. In what way are we less reprehensible than the White Christian Knights of the Ku Klux Klan? For the woman whose question was "We moved out of Springfield to get away from 'them'". Are we going to have to let "them" in here, now?" may we suggest, that she find herself a mountain top, climb up, and pull up the ladder? There is no other way to get away from "them". To one caustic comment about negroes possibly not being interested after all, that's as cute as saying, "I won't ask him to my party, because maybe he doesn't want to come."

The plain fact is — that God made a terrible mistake when he created the colored races of Man without first consulting us. In discussing the aforementioned meeting, with people who have attended others in other towns, the conclusion was that Agawam was not typical of suburbia, but that the malice and hatred here, is comparable to the worst in the Commonwealth. Contained, and restrained, for the time being, but no less vicious. Neighbors, there are 4500 children in the Agawam school system. If 10 or 20 or 30 children come in from Springfield, what can they do? What are we afraid of? Another time, another place, unwanted people were finally disposed of in furnaces. They too were children of God.

AIR FORCE MAIL BAG

AIRMAN IS SENTRY DOG HANDLER

BITBURG, Germany — Airmen First Class Roy R. Arnold, son of Mr. and Mrs. R. G. Arnold of 51 Wilson St., Agawam, Mass., plays a vital role in maintaining the security of Bitburg AB, Germany.

Airman Arnold is a sentry dog handler with the 36th Security Police Squadron's K-9 Section at Bitburg. The Corps is responsible for guarding the base perimeter to prevent the entry of infiltrators and saboteurs.

The dogs are trained to alert to any human scent within an assigned area, to detect the individual's exact location, and to detain him.

If the intruder attempts to escape or attack the handler, the dog is released and ordered to subdue the aggressor. The sentry team keeps the person under surveillance until the security force arrives.

The airman is a graduate of Agawam High School.

SUMMER SCHOOL CREDIT COURSES

The summer school to be held at the West Springfield High School conducted by the Commonwealth of Massachusetts, Bureau of Adult Education and Extended Services will have several offerings in languages. The foreign languages scheduled include both first and second year classes in Latin, French, German, and Spanish. The French, German and Spanish classes will utilize the languages laboratory for some class sessions. English classes at the ninth grade, tenth grade, eleventh grade and twelfth grade level will also be offered for adults working for diploma credits and high school students.

Other subjects being offered this summer for adults and high school students include: algebra I, algebra II, advanced Mathematics, biology, bookkeeping I, business mathematics, calculus, chemistry I, earth science, economics, general mathematics, general science, geometry, physics, shorthand I, trigonometry, typewriting I, world geography, and world history.

Non-credit classes will be offered in briefhand, reading improvement and english preparation sat.

Registration nights will be Wednesday, June 19th and Thursday, June 20th. Advanced registration will be handled at the senior high summer school office daily from 3:15-4:00 P.M.

ALA SAYS BEWARE OF HITCHHIKERS IN MINI-SKIRTS

BOSTON - The Automobile Legal Association today urged motorists to ignore mini-skirted hitchhikers who, according to the ALA, are appearing in increasing numbers on the nation's highways.

"These young girls present quite a temptation to some male drivers, but only a mini-minded motorist would give them a lift," Philip C. Wallwork, ALA safety director, said.

"Although she may be just a foolish girl looking for a ride home, you can't be sure. To find out could cost you your wallet, your car or even your life," Wallwork said.

TIPS FOR OUTDOORSMEN

Check the last couple of feet of your fishing line or leader once in a while during your fishing day. That's the part that takes the strain of casting, frequently becomes frayed and can let you down when you most need it, when there's a big fish tugging at the other end. The Massachusetts Division of Fisheries and Game suggests you clip off the last couple of feet now

and then to insure success and avoid heartbreak.

More fish have been lost because they weren't well hooked than have ever pulled the hooks out by their frantic antics. Sharp hooks require but a few moment's attention but pay off with more fish on the stringer, according to the Massachusetts Division of Fisheries and Game. A small file or hook stone is an inexpensive but vital piece of equipment in any well-outfitted tackle box. Use it frequently during the day and it will more than earn its keep.

Troubled by sticky ferrules on your favorite fishing rod? Before putting your rod together for a bit of action, rub the male end of the ferrule through your hair or against the side of your nose. The Massachusetts Division of Fisheries and Game advises that this simple precaution will provide enough natural lubrication to let you separate your jointed rod at day's end without difficulty.

Plan Your Escape

Everybody takes a new lease on life when Spring rolls around. And that lease on life—for you and your family—will be more certain if you've planned and practiced a family fire drill.

This is another kind of

Spring Clean-Up action—cleaning up any misunderstandings about what to do if fire should strike your home, says the National Fire Protection Association.

So plan and practice today—for a safer tomorrow.

Here are pointers for your plan:

1. Carefully figure out at least two routes to the outside from every room in the house, especially bedrooms. Allow for blocking of stairways or halls by fire.

2. Particularly for nighttime fires, remember that closed bedroom doors will hold back flame and smoke, allow extra time for escape or rescue.

3. For upper floor escape, use any available porch and garage roofs, ladders and trees as ways down to safety. Be sure exit windows work easily, and are low and large enough to get through.

4. Pick an outside assembly point where the family will meet for a "roll-call," and be sure everyone knows the rule "once out — stay out."

5. Know how to call the fire department, by street box or neighbor's phone, and do this as quickly as the house is clear of people.

6. Plan who will look out for infants and the infirm, and how.

Once your plans are made, it's important for all the family—including the children—to rehearse them carefully and regularly.
